

Kentucky Academic Course Code List

Special Education

with Certification

Kentucky Academic Course Codes

The Kentucky Department of Education (KDE) initiated a course code project under the direction of Commissioner Pruitt in January 2017. The project ensures Kentucky is providing equitable opportunity and access to research-based student experiences that impact student success.

The results of the project include an alignment of core academic course codes to Kentucky Academic Standards. The standards aligned to the core academic course codes cannot be changed. The alignment serves as a guarantee to students across the Commonwealth that all students have equitable access to Kentucky Academic Standards. The project also provides an alignment to Kentucky's new Accountability System, 703 KAR 5:270, which measures opportunity and access provided to students across Kentucky.

The Kentucky Academic Course Code List contains a listing of course codes and descriptions along with certifications that fit the parameters for given courses. The content listed for a course cannot be changed; however, the grade range and population information listed for each course are not absolute and can vary slightly depending on the needs of the school and teacher certifications. Districts should choose the course that most closely represents the content in a given course. ***The description and content of a course are the determining factors in what should be selected.***

Contact Information:

- Districts may contact CourseCodes@education.ky.gov with questions pertaining to course codes, course content and course-standards alignment.
- Districts may contact the EPSB Division of Certification at (502) 564-4606 or dcert@ky.gov with question pertaining to certification.
- Districts may contact KHEAA at (502) 696-7397 or kees@kheaa.com with questions pertaining to KEES eligibility.

HOW TO USE THIS DOCUMENT

This document contains a listing of course codes and descriptions along with certifications that fit the parameters for given courses. The grade range listed for each course are not absolute. Please choose the course that most closely represents the content in a given course.

EXAMPLE

John Q Middle School had 5th, 6th, and 7th grade students taking a Visual Art course. This course would be linked to course number **500711: Visual Art – Comprehensive**, which shows a recommended grade range of 6 – 12.

Schools will link their courses on the Infinite Campus “Course Master” tab OR in the “Course” tab to courses listed in this document.

Schools may have created courses that are very unique in order to meet students’ needs. If a course does not meet the definition or content of one contained in this document, please use course number **909999: School Defined Course**, and define the correct content through the LEAD report.

The course code 909999 should be used in situations where a current course code does not exist and there are no existing Kentucky Academic Standards aligned to the course. Local Boards of Education should approve the use of a district's use of a 909999 course code *before* a district begins utilizing it within Infinite Campus. Please see the [Guiding Principles For Using Course Code 909999](#) for more information.

CERTIFICATIONS

It is important to note that the certificates listed are the ones that fit ***ALL*** of the parameters for a specific course; there may be other certificates that can teach it with slightly more restrictive parameters.

Please take note of the following information from *The Kentucky Academic Standards* with regard to middle school courses that are offered for high school credit.

High School Credit Earned in Middle School

It is expected that most students will earn high school credits during their high school years. However, local school districts may offer high school courses to middle level students if the following criteria are met:

- the content and the rigor of the course are the same as established in the *Kentucky Academic Standards*
- the students demonstrate mastery of the middle level content as specified in the *Kentucky Academic Standards*
- the district has criteria in place to make reasonable determination that the middle level student is capable of success in the high school course
- **the middle level course is taught by teachers with either secondary or middle level certification with appropriate content specialization**

Although middle level courses list the Provisional and Standard Elementary Certificates, Grades 1-8 as allowable under the parameters of these courses, they will not meet the above requirements for courses that are offered for high school credit.

This document is a guide; therefore the EPSB disclaims any warranties as to the validity of the information in this document. Users of this document are responsible for verifying information received through cross-referencing the official record in the EPSB's Division of Certification. The EPSB shall not be liable to the recipient, or to any third party using this document or information obtained therefrom, for any damages whatsoever arising out of the use of this document.

Special Education

(600000)

Special Education - Alternate Diploma Courses (600100)

600120 - Middle School English

Grade Level: 6 - 8

Credits: 0

Description: Middle level English/Language Arts is designed to present a wide range of reading experiences with print and non-print text for literary, informational, persuasive, and practical purposes. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

600139 - Middle School Science

Grade Level: 6 - 8

Credits:

Description: In this course, students are engaged in experiences demonstrating structure and properties of matters, motion and forces, biodiversity, Earth in the Solar System, and Earth's systems; chemical reactions, energy transfer, forces, information processing, and genetics; and students will be engaged in experiences which will connect their understandings about Life, Earth and Space, and Physical Science concepts. These connections should be related to human impact as described in the Kentucky Academic Standards for Science. The use of the science practices describes the behaviors students will engage in as they investigate the natural world. The use of the engineering practices describe behaviors students will use as they design and build models and systems. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

600140 - Integrated Science

Grade Level: 9 - 12

Credits: 0

Description: This inquiry based introductory course is designed around the themes of patterns of change and systems, order, and organization. Students examine the organization of the universe by beginning with the fundamental laws that give order, continue with the way these laws affect the Earth and the organization of life, and conclude with how life responds to these laws. Special focus is given to Kentucky Alternate Assessment Standards and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

600141 - Life Science/Biology

Grade Level: 9 - 12

Credits: 0

Description: Students develop a conceptual understanding of life science through the use of scientific inquiry. They experience life science concepts such as heredity; biological change; interdependence of organisms; matter, energy and organization in living systems; and behavior of organisms. The scientific inquiry approach uses concrete, hands-on experiences that require students to practice skills. Special focus is given to Kentucky Alternate Assessment Standards and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

600142 - Earth/Space Science

Grade Level: 9 - 12

Credits: 0

Description: Students develop a basic understanding of Earth/space science. They will participate in hands-on experiences of Earth/space concepts such as energy in the Earth system, formation and ongoing changes of the Earth system, and formation and ongoing changes of the universe. Special focus is given to Kentucky Alternate Assessment Standards and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

600183 - Developing Career Choices

Grade Level: 6 - 8

Credits: 0

Description: Career Choices in the middle school is an exploratory course which introduces students to a broad range of career opportunities. Units of instruction focus on three areas... employability skills, career awareness, and education/career planning. The curriculum can be adapted for grade levels seven, eight or nine and various schedules as 6, 9, 12 or 18 weeks. Opportunities are provided for the career planning component to be correlated with the Individual Learning Plan (ILP). Special focus is given to the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

Special Education - Elementary (670000)

Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

670102 - Primary Language Arts

Grade Level: 0 - 3

Credits:

Description: Content is designed to build a wide range of reading experiences with print and non-print materials that have literary, informational, persuasive, and practical purposes. Students use writing-to-learn and writing-to-demonstrate learning strategies, as well as the writing process and criteria for effective writing, to develop writing in a variety of forms and for multiple audiences and purposes. Speaking, listening, and observing skills are used to communicate information for a variety of authentic purposes, situations, and audiences. The integration of inquiry skills and technology with the other strands allows students to discover and communicate ideas and information. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

670106 - Primary Science

Grade Level: 0 - 3

Credits:

Description: Primary level science contains the physical, earth/space, life science, and engineering core ideas as defined in the Kentucky Academic Standards for Science. Students will learn these core ideas through the use of the science and engineering practices and crosscutting concepts. The science and engineering practices are skills students will use as they investigate the natural world and develop solutions to problems. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

670202 - Intermediate Language Arts

Grade Level: 4 - 5

Credits:

Description: Content is designed to build a wide range of reading experiences with print and non-print materials that have literary, informational, persuasive, and practical purposes. Students use writing-to-learn and writing-to-demonstrate learning strategies, as well as the writing process and criteria for effective writing, to develop writing in a variety of forms and for multiple audiences and purposes. Speaking, listening, and observing skills are used to communicate information for a variety of authentic purposes, situations, and audiences. The integration of inquiry skills and technology with the other strands allows students to discover and communicate ideas and information. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

Content: English Language Arts

Population: Other Health Impaired

Population: Functional Mental Disability

Population: Multiple Disabilities

Population: Orthopedically Impaired

Population: Autistic

Population: Traumatic Brain Injury

670206 - Intermediate Science

Grade Level: 4 - 5

Credits:

Description: Intermediate level science contains the physical, earth/space, life science, and engineering core ideas as defined in the Kentucky Academic Standards for Science. Students will learn these core ideas through the use of the science and engineering practices and crosscutting concepts. The science and engineering practices are the skills students will use as they investigate the natural world and develop solutions to problems. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

Content: Integrated Science (Non-High School)

Population: Other Health Impaired

Population: Functional Mental Disability

Population: Multiple Disabilities

Population: Orthopedically Impaired

Population: Autistic

Population: Traumatic Brain Injury

670302 - Elementary History and Appreciation of Visual and Performing Arts

Grade Level: 0 - 5

Credits:

Description: This course is a study of significant works, artists, and movements that have shaped the arts world and have influenced or reflected various periods of history in the arts disciplines of dance, music, theatre and visual art. Course content emphasizes the sequential evolution of art forms, techniques, symbols, and themes within those disciplines. The course covers the connections of the arts to cultural, social, political, and historical events throughout the world. Critical analysis of works from the disciplines, as they communicate and express the history, needs, and ideals of society and individuals is included. Students explore career opportunities in the visual and performing arts. Special focus is given to the Kentucky Alternate Assessment aligned to Kentucky Academic Standards (KAS) and the Kentucky Employability and Foundational Academic Standards. All materials and activities presented are differentiated to meet individual student needs.

Content: Humanities (Social Studies)

Population: Other Health Impaired

Population: Functional Mental Disability

Population: Multiple Disabilities

Population: Orthopedically Impaired

Population: Autistic

Population: Traumatic Brain Injury
